Summary

Aspiring technology professional specializing in CSE(AI&ML), with strong technical fundamentals and hands-on experience in developing real-time academic and practical projects. Highly motivated to learn, adapt to new technologies, and contribute effectively in a innovation-driven organization focused on digital transformation and continuous growth.

Skills

Programming & Querying: C, C++, SQL, Python(Basics)

Web Technologies: HTML, CSS, PHP, React

CS Fundamentals: Data Structures and Algorithm, OOPs, Computer Network.

Projects

Student Counselling and Management System

- Technologies: HTML, CSS, JavaScript, PHP, MySQL
- Created a web-based counselling platform enabling counsellors to schedule sessions, teachers to confirm and mark attendance, and students to view feedback through a dynamic dashboard. Improved workflow and frontend/back-end integration.

Sudoku Solver and Validator

- Technologies: HTML, CSS
- Developed an interactive Sudoku solver using backtracking and data structures to generate, validate, and solve puzzles efficiently. Built a GUI for real-time visualization, enhancing algorithmic and problem-solving skills.

Certifications

- AWS Academy Graduate** – AWS Academy Cloud Foundations (2025): Amazon Web Services (AWS) | 05 Nov 2025. Validated understanding of AWS Cloud architecture, core services (EC2, S3, RDS, IAM), pricing models, and deployment principles.
- MERN Stack Development Workshop:** IVIS Labs | March 2025. Successfully completed a hands-on workshop on full-stack web development using MongoDB, Express.js, React.js, and Node.js.

Education

B.E in CSE(AI&ML)	Institution: GSSS Institue of Engineering and Technology for Women	CGPA: 8.12
PUC	Institution: Sadvidya Semi Residential PU College	Percentage: 89.6
SSLC	Institution: Nirmala High School	Percentage: 91.2
